

DART Orange Line to North Irving/DFW

Carpenter Ranch

Construction Update

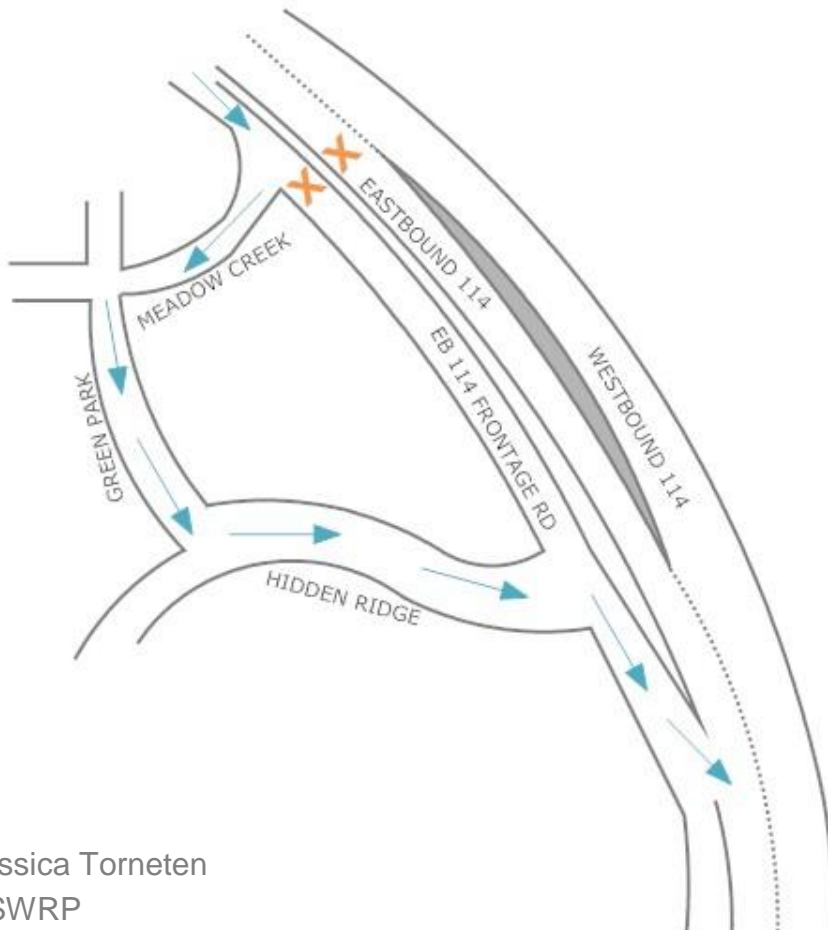

The DART Orange Line construction is quickly moving along the corridor. In an attempt to minimize impacts, weekly construction updates are emailed out. This helps provide a more definitive answer to many construction questions, and provides notice to areas that may experience upcoming traffic delays or construction activity.

You can register for Orange Line Construction Updates online at www.dart.org.

Closures of eastbound SH 114, the onramp to SH 114 from the frontage road just before Hidden Ridge, and the eastbound SH 114 frontage road are needed to provide a safe work area for crews to continue bridge construction operations. As construction proceeds over the next couple of years, additional lane restrictions may be needed to accommodate other operations. Signage will be present to direct motorists.

The following configuration is scheduled for the night of Friday, September 10 (9:00 p.m. to 5:00 a.m.). Please note that all dates are tentative as they do not account for weather delays or other schedule impacts.

Night of Sept 10 (9:00 p.m. to 5:00 a.m.) – EB SH 114, EB SH 114 frontage road, ramp to SH 114 from frontage road just before Hidden Ridge.

Detour traffic will take Meadow Creek, left on Green Park, left on Hidden Ridge, and back onto the eastbound SH 114 frontage road to SH 114.
