

DART SAFETY STAR

Always with DART, use safety from the start!

As a DART Safety Star, I will use safety from the start on the bus. I will sit correctly in my seat and exit out the front door. I will never walk, ride or play in front of or behind the bus.

I will use safety from the start on the train. I will wait at railroad crossings, stay away from railroad tracks and wait behind the textured warning strip on rail platforms. I will remind my parents to be careful when driving or turning across train tracks.

I will use safety from the start when I cross the street or train track at designated crosswalks.

I will also use safety from the start by staying away from construction sites.

At all times, I will stop, look and listen for DART vehicles.

I will always use safety from the start around DART!

THIS CERTIFIES THAT _____ IS A DART SAFETY STAR!
